

REMARKS

The specification has been amended herein to claim the benefit of priority of International Patent Application No. PCT/EP2005/001992, filed 23 February 2005, which in turn claims priority of European Patent Application No. 04075587.8, filed 26 February 2004.

In addition, the specification has been amended at page 9, to delete the last sentence of the paragraph beginning at line 15 on such page, and at page 12, to correct a typographical error in the paragraph beginning at line 4.

Further, the claims have been amended to remove the multiple claim dependency in claim 3, to place the subject application in appropriate form for examination. No new matter (35 U.S.C. §132) has been added.

It is requested that examination of this application proceed on the basis of the pending claims 1-20 of the application, as amended herein.

Respectfully submitted,
